WORK EXPERIENCE

Viral Square – Lahore, Pakistan

Sr. UI UX Designer

[09/01/2023 – 10/07/2026]

- Worked on a diverse range of projects, including dashboards, websites, and mobile applications across multiple industries.
- ADY Places: Designed a rental application.
- IP Gate: Worked on a SaaS-based product.
- Nawaah: Contributed to an education platform.
- Gained experience in understanding diverse business requirements and translating them into user-friendly digital solutions.

Convex Tech – Lahore, Pakistan

Mid-Level UI UX Designer

[24/01/2022 – 06/01/2023]

- Led the UI/UX design of the Convex Tech website, which is now live and operational.
- Designed a multivendor e-commerce system with dedicated dashboards for vendors, admins, super admins, and sellers.
- Created mobile application and website interfaces for Cyber Mart, a flagship product.
- Focused on designing intuitive, user-friendly interfaces aligned with business requirements and user needs.

Devntech – Lahore, Pakistan

Associate UI UX Designer

[14/04/2021 – 21/01/2022]

- Started my full-time role as a UI/UX Designer at DevnTech.
- Designed a multivendor e-commerce system from scratch, including the vendor dashboard, website interface, and seller dashboard.
- Focused on creating seamless and user-friendly experiences for different user roles.
- Worked on a barter trade platform, designing features that enabled users to buy and sell products through non-monetary exchanges.

Izla Technologies – Lahore, Pakistan

Junior UI UX Designer

[01/09/2020 – Current]

- Joined Izla Technologies on September 1, 2020, initially working part-time.
- Designed user interfaces for mobile applications, websites, and dashboards.
- Progressed from social media design to UI/UX design, expanding my skills and responsibilities.

- Currently leading the design team, overseeing design tasks and contributing to company projects.
- Collaborated on various projects to deliver user-friendly digital experiences aligned with business goals.

Star Asia News – Lahore, Pakistan

Internee Graphic designer

[24/04/2020 – 30/08/2020]

- Completed an internship in Graphic Design at Star Asia News.
- Designed social media posts for LinkedIn, Twitter, Facebook, and Instagram.
- Created brochures and flyers for various purposes.
- Designed logos to support branding and visual communication.
- Developed practical experience in graphic design, branding, and digital content creation.
